

## PR12 - Pressure Regulator

- Filter regulator twin 1/4" outlet
- Incorporating water trap, air filter and pressure gauge
- 1/2" inlet
- Reducing bush to 1/4" female HC6893 (optional extra)

## PR38 - Pressure Regulator

- 3/8" filter regulator twin 1/4" outlet
- Incorporating water trap, air filter and pressure gauge
- 3/8" inlet
- Reducing bush to 1/4" female HC6892 (optional extra)

## PR14A - Pressure Regulator

- 1/4" in line pressure regulator
- Automatic flow-pressure control
- Graduated scale to pre-set required pressure
- Gauge not required

## International Range

- For general purpose pneumatic applications e.g. valve and cylinder, air tools, pumps, air motors, hoists etc.
- All items except regulators are supplied with poly bowls and are fitted with dump valves

### Filters

- IF2D14 1/4" filter
- IF2D38 3/8" filter
- IF2D12 1/2" filter

### Regulators

- IR114 1/4" regulator
- IR138 3/8" regulator
- IR112 1/2" regulator

### Filter/Regulators

- IP2D14 1/4" filter/regulator
- IP2D38 3/8" filter/regulator
- IP2D12 1/2" filter/regulator

### Lubricators

- IL114 1/4" lubricator
- IL138 3/8" lubricator
- IL112 1/2" lubricator

## Miniature Range

- For use where space is limited and flow rates are low

### Filters

- MF218 1/8" filter
- MF214 1/4" filter

### Regulators

- MR218 1/8" regulator
- MR214 1/4" regulator

### Filter/Regulators

- MP218 1/8" filter/regulator
- MP214 1/4" filter/regulator

### Lubricators

- ML318 1/8" lubricator
- ML314 1/4" lubricator

## Pressure Gauges

- |         |        |           |  |
|---------|--------|-----------|--|
| PG15    | 1 1/2" | 0-160 psi | Pressure gauge for miniature range     |
| PG20    | 2"     | 0-160 psi | Pressure gauge for international range |
| 991L23D | 2"     | 0-160 psi | 1/4" bottom entry                      |
| 996L23D | 2"     | 0-160 psi | 1/4" back entry                        |
| 991L24D | 2"     | 0-200 psi | 1/4" bottom entry                      |
| 996L24D | 2"     | 0-200 psi | 1/4" back entry                        |
| 991L25D | 2"     | 0-300 psi | 1/4" bottom entry                      |
| 996L25D | 2"     | 0-300 psi | 1/4" back entry                        |

### Mounting brackets

- MB21 International range
- MB8 Miniature range - complete with ring

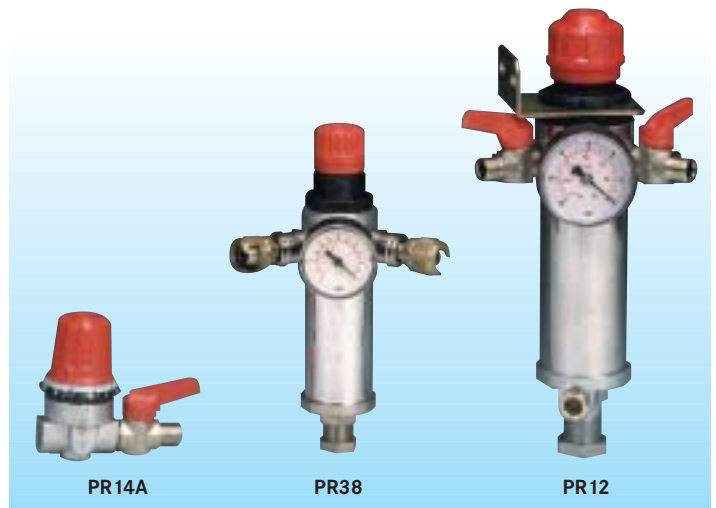

### Bowl guards

- A cheap, simple safety device

### Safety warning

- Regarding safety regulations, polycarbonate bowls which are used in atmospheres containing paint thinners, solvents, carbon tetrachloride or phosphate esters are dangerous without bowl guards. These substances cause weakening of the bowl which can then explode

- BGI to fit IF2D, IP2D, 1L1
- BGM to fit MF2, MP2, ML3

## Filter Regulator - AFR1

- Complete with mounting bracket and pressure gauge to 10 bar
- Automatic drain valve
- 20 Micron filter
- 10 bar maximum working pressure
- 1/2" bsp connection

## Filter Regulator Lubricator - AFRLC1

- Combination assembly
- All other specifications as AFR1 (above)

IP2D

PG20

MB21
