

PA20 - Polisher

- Angle polisher with fixed speed 2,000rpm
- Low vibration design for constant use
- New 'D' type handle for greater operator comfort
- Ideal for car body repairs
- Light and powerful due to new design of motor
- Spindle lock system for easy pad changes
- Soft start
- CE approved

PA420 - Variable Speed Polisher

- Angle polisher with electronic variable speed between 400 and 2,000rpm
- The slowest and lightest polisher on the market
- Ideal for automotive, carpentry, masonry, metal and glazing
- New 'D' type handle for greater operator comfort
- Light and powerful due to new design of motor
- Spindle lock system for easy pad changes
- Approved and recommended by major refinish product manufacturers
- Soft start
- CE approved

LP740EC - Variable Speed Sander/Polisher

- Angle sander/polisher with electronic variable speed between 700 and 4,000rpm
- Probably the most versatile sander/polisher on the market
- Ideal for automotive, carpentry, masonry, metal and glazing
- New 'D' type handle for greater operator comfort
- Light and powerful due to new design of motor
- Spindle lock system for easy pad changes
- Soft start
- CE approved

Technical specifications	PA20	PA420	LP740EC
Diameter of disk (pad size)	160mm	180mm	180mm
Power input	900 watt	1,100 watt	1,100 watt
Speed (unloaded)	2,000 rpm	400 - 2,000 rpm	700 - 4,000 rpm
Spindle thread	M14	M14	M14
Weight	2.7kg	2.7kg	2.7kg

ASS36 - Dust Extraction Unit

- 3m flexible hose with pipe joints
- 2 metallic extensions
- Feed nozzle and debris feed
- Rubber connection for power tools
- Complete with accessory kit

Input power (watts)	1400
Tank capacity (litres)	36
Weight (Kgs)	12
